

SALES UPDATE

KEENELAND SEPTEMBER

\$1.7M CITY OF LIGHT COLT LIGHTS UP KEENELAND SEPTEMBER

By Michael Compton, Christine Oser, Byron King, and Lauren Gash

Partnering with Woodford Racing and others, West Point Thoroughbreds acquired a \$1 million Tapit colt in 2019 that was eventually named Flightline. Two years later, the partners are reveling in the excitement of that now 3-year-old, who has whipped the opposition in two starts, including running six furlongs in 1:08.05 at Del Mar Sept. 5 for trainer John Sadler.

West Point and Woodford hope

to repeat the formula with Talla Racing, and joined forces Sept. 15 to purchase the current sales topper of the Keeneland September Yearling Sale when they acquired a City of Light colt consigned as Hip 612 for \$1.7 million during the Book 2 opener.

That prospect and others acquired will allow them to dream. West Point Thoroughbreds also bought seven other yearlings Wednesday on the third day of the sale, including a \$1.55 million Justify colt (Hip 580) with Talla Racing. These purchases followed a Tuesday in which West Point Thoroughbreds and Woodford Racing bought a Quality Road colt (Hip 300) for \$1.6 million.
